We are a leading provider with a strong reputation for Commercial Cleaning, Hospitality Cleaning and Specialised (i.e. carpet/window clean) Cleaning Services within Australia. We promote strong partnerships with our clients, based on honesty, integrity, transparency, and trust. We understand that cleaning and maintenance needs are unique, therefore we offer tailored service programs to ensure we deliver on desired results and deliver on our service promise.

By our organizational purpose and taking into account the needs and expectations of our clients, Armos determines and establishes the scope of the Integrated Management System based on the Quality and Environment standards.

**Note:** Exclusion of the following numerals

8.3	We exclude the design and development of our IMS (Integrated Management System), As we do not design or develop products. All our services are part of the Cleaning market.
7.1.5	Excluíble si la organización no dispone de ningún equipo de medición (flexómetro, calibre, básculas, etc) y no existen programas informáticos de cálculo que participen en el control de la prestación del servicio o en la realización del mismo.

Date of change	Version	Description	Revised	Approved
04-08-2020	01	Creation of the Documented.	Integrated Management System	Senior Management
08-09-2020	02	Change about exclusions definition and to including text about standard Quality/Environment Management.	Integrated Management System	Senior Management
